## NEWSONG INSTITUTE

# GOING DEEPER...

## Membership

---

NewSong Institute classes flow in conjunction with and are part of the NewSong membership process. These classes provide essential information needed for entering into the two levels of membership.

### Associate Membership

The first level of membership is called Associate Membership. One is free to apply for associate membership after completing the *Discover NewSong* class. Your membership application will be reviewed by the Elder Board and an Elder or Staff member will interview you to confirm your personal testimony.

### Participating Membership

The second level of membership is called Participating Membership. This level of voting membership is offered by the Elders to those who have been associate members for at least six months, are committed to a small group, serve regularly in the ministry of the church, and have attended all the NewSong Institute classes.

## Classes

---

### Discover NewSong

Pastor Jamie Mitchell

Every new person should make it a priority to attend this class as it is the gateway to understanding the ministry of NewSong. It will empower you with the information you need to make a decision as to whether NewSong is the church family for you. This class is also a prerequisite to Associate Membership.

### Discover Baptism

Eric Mosebach

Baptism is an act that Christ commanded every believer to do upon being saved. This class will walk you through understanding what it means as well as preparing you to share your testimony. Those having already been baptized as a believer do not need to attend this class for membership.

### Discover Ministry

Pastor Chris Hornberger

God has gifted and equipped every believer to make a lasting impact in this world. This class is designed to help you discover your unique giftedness and temperament.

### Discover Wisdom

Pastor Brett Lovern

It is important to be intentional about the things that matter most. This class will help you develop an intentional spiritual growth & discipleship plan. Specifically, you will be equipped to be a person of "WISDOM."

### Discover Evangelism

Pastor Ben Murray

God has called us to share his good news with the world. This class will equip you to know and share the gospel with those who need to hear it.
